

Dear Council Member Sullivan,

I am pleased that you continue to advocate for the current role of Paine Field. I know that Council member Somers supported that position very clearly in his communications when first running for a council seat and that position needs to be reaffirmed. I understand that Council member Ryan has not publicly committed but may be evaluating options for higher office and the surrounding communities with unanimous council and mayor opposition to commercial service must be a consideration.

I want to thank you for your continuing efforts to preserve the current and best use of Paine Field, aerospace and general aviation. I also want to thank you for putting your constituents first by not allowing our tax dollars to be spent subsidizing commercial flights at Paine Field.

Sincerely,
